BRIEF RECOLLECTIONS OF THE DEAN

On behalf of the Faculty, and personally as well, I extend to the class of '74 our sincere congratulations on their success.

The graduates of '74 constitute the 60th class to graduate from our College of Agriculture. The 67 in the class of '74 brings the total over the sixty year period to 1891, of whom 874 have graduated from 1960 to date. So almost 50 percent have graduated in the last one-quarter of the 60 year period.

This reflects the much enlarged interest in and employment opportunities for graduates in recent years. Virtually all graduates seeking off-farm employment have been placed. So buoyant is the current employment picture that virtually all of the '74 class had a choice of two or more employment opportunities.

We wish them every success and much happiness.

It has been a profoundly exhilarating and stimulating experience to have been associated as Lecturer, Professor and administrator with the College for close to 40 years. For as long as my memory continues to function I will fondly remember the finest group of people one could find anywhere — the graduates of our College of Agriculture.

Dean, W. J. White.

IMPORTANT FACTS ON 1975 REUNION

After hearing some rumblings from a few dissatisfied members, your executive decided that it was time for a change of format for the reunion in 1975. Committee chairmen agreed that it was feasible to hold all activities on the weekend following the lecture series. Farm and Home Week will therefore run from January 6 to 10, 1975, with Friday, January 10 being reserved for Ag. Grads, with the lecture series in the morning and annual meeting in the afternoon. Curling will probably start at 4 p.m., Friday, January 10, with a second draw at 6 p.m. and another at 8 p.m. if necessary. The Smoker and Smokette will both be held Friday night (probably in the usual locations) and curling will resume Saturday morning. The banquet and dance will be held on Saturday night, January 11, with the tea on Sunday afternoon, hopefully preceded by the curling finals.

With these major changes, it was also decided that it was time for a change of location for the banquet and dance. To this end, the Sheraton-Cavalier Motor Hotel on Spadina Crescent has been booked for the affair. It is also expected that the Sunday afternoon tea will be held at the Sheraton. It is hoped that many out-of-town Grads will make the Cavalier their headquarters for the weekend. Attractive weekend room rates will be offered and several rooms suitable for class reunions accommodating from 12-15, 25-30, 50-60, or 100-125 people are available and could be reserved. Further information will be forthcoming in the fall along with reservation cards and brochures from the Sheraton-Cavalier.

Keith Ayres (66)
Banquet Chairman.

Bob and his dad sold 4 head of Galloway bulls at the Denver Stock Show in February for an average of \$3,000.00 and a top of \$6,600. Note: Those bulls would have to shed a heavy winter coat if they were ever to survive in their new home in Texas.

Ralph Miner (42) of Moncton, was elected president of the Co-operative Insurance Services Ltd. at the recent annual meeting in Regina. The picture of Ralph shows that a few extra pounds have been added to his frame since graduation.

History was made this spring when **Cecilia Kohlman** of Macklin, a student of the 1974 graduation class in the College of Agriculture will become the first lady Agricultural Representative in Saskatchewan with headquarters at Kindersley. **Note:** We have been informed that **Betty Barlow** (43) of Davidson was an Ag. W. J. "Bill" White (32) retires July 1, 1974 as dean, College of Agriculture after having served as our dean since 1965. We all wish Bill and Edythe the very best upon Bill's retirement. The ski hills and golf links will catch heck — it is said that Bill also **participates in curling**. Bill is particularly well known for his forage and cereal crop research achievement, he was head, Crop Science Department from 1956 until his appointment as Dean. It was in 1963 that Bill was elected a Fellow of the Agricultural Institute of Canada.

1975 Reunion

The executive have been unable to trace an address for Donald Albert Reeken, once of Edmonton, a member of the 1935 certificate class. Anyone having information on Reeken should forward it to the S.A.G.A.

Some changes in locations will occur in 1975. The Banquet and Dance will be in the Sheraton-Cavalier, right across the street from the Bessborough. The Sheraton has a car-park attached, make reservations early. The Tea on Sunday will likely be held at the Sheraton from 2:00 to 4:30. Note the time change for the Tea, we feel the new time will be a much greater convenience to all, especially out-of-town people.

As has been advertised in the last Newsletter, the Annual Meeting will be Friday afternoon, the 10th of January. The Annual Meeting will follow the Farm and Home Week Lecture Series which runs Jan. 6-10 and concludes with the Ag. Grad portion of the Lecture Series on Friday morning. Special 60 year celebrations of the first students of the College of Agriculture will be arranged, also recognition of the formation of our Association.

All curlers will be drawn on Friday and the finals on Sunday will occur in the afternoon. Again, we hope this suits the curlers from distant points.

One problem which has arisen from the reunion weekend occurring at the end of Farm and Home Week is just when the private class socials can be arranged. **It would appear that Thursday evening, January 9th would be best, this date has already been selected by some classes. Since these socials are the private concern of the classes, all arrangements should be made through your reunion chairmen.**
